

Ledger's Washington Letter.

(Continued from Second Page.)

recent decision of the Court pointing out such a possibility.

"Allegations of unfairness in the several trials, it is said, are fully sustained by Justice Harlan's recent decision."

It will be yet demonstrated that Federal Judge Cochran's opinion in the Caleb Powers case, is a fairer interpretation of the law than any yet handed down in his trials, not even excepting the ruling by the Supreme Court.

During the past month eight white women and young girls have been attacked and robbed by Negroes in this city on the streets. Most of the work was done in the suburbs and has progressed to such an extent as to create a panic in some portions of Washington. Many women now go armed, and Chief Sylvester wants Congress to give him 100 mounted patrolmen for the parks and suburbs. The police force here now amounts to 660 officers and men.

It is remarked here that Washington is getting notorious for her many women cigarette smokers. Some dealers declare that several of the women smoke cigars and scores chew tobacco. Many of the female cigarette fiends exist in "high society," so called.

George Ade when asked: "Do women smoke?" Replied, "Ladies don't."

Washington has several "lady barbers." One shop on Tenth street has four alleged "lady barbers" who do a rushing business.

And, don't cher-know, they are now talking of having women policemen in Washington!

Wouldn't it be a sight to see women cops in helmets, full regiments, with a cute cork-screw curl on her manly brow standing in front of the White House! Wouldn't that g-a-r the Nation's Teddy!

Suppose a woman policeman did arrest a man; would she take him to jail?

Think it over. A. F. C.

SOCIETY

Mrs. Louis Merz received 150 of her maiden and matron friends last Monday afternoon from 3 till 6. Her beautiful home, always artistic and hospitable, was doubly so for this occasion. To the art treasures, exquisite vases, bric-a-brac and hangings a scheme of pink and green decoration was added, and the whole interior further enfolded by the soft, glowing lights from candle and gas shed through enormous pink chrysanthemum shades. It was an assembly of our most beautiful and cultured women, and the whole number of bidden guests crowded the spacious home during the hours. The receiving line was headed by Mrs. Louis Merz. She was toiletied in a princess gown of pink crepe de chene, short sleeved, with Mosquitairre gloves. By her side stood her sister-in-law, Mrs. Millard Merz. Her dress was a white embroidered princess, sleeves to elbow and long gloves. Mrs. Ben B. Poyntz wore a lovely dress of white crepe de chene. Mrs. John Mullins Hunt wore a white silk princess toilet. Miss Andelia Power wore a white mull. At the "round table" Mrs. William Henry Means and Mrs. Peter Gordon Smoot dispensed the refreshing dainties. The former wore white Persian lawn, and the latter pink chiffon. Miss Calhoun in pink mouseline de soie and Miss Amy Calhoun in a simple flowered organdie, the color of which was white and upon it were deftly embroidered pink roses, presided at the punch bowl. The bewitching strains of piano and violin harmoniously blended, and during the reception the guests were constantly treated to "airs attuned to Heavenly sounds." The toilets worn by the guests were the epitome of exacting taste and the acme of perfection. The beauty and redolence of the rose, the pleasing softness of green, the warmth and good cheer of the shaded lights, the cordial and sweet loveliness of the hostess and her beautiful aids, marked a climax in our social life which cannot soon be displaced.

WEAK KIDNEYS MAKE WEAK BODIES.
Kidney Diseases Cause Half the Common Aches and Pains of Maysville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary life come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Maysville cures are the proof.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1899. I got a box and used it for a pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later, or about a year ago. I again procured Doan's Kidney Pills at J. James Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-indorse Doan's Kidney Pills, for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

PUT THE LID ON

Louisville Will Be Fitted Good and Hard on Sunday

Mayor Paul C. Barth of Louisville has issued a proclamation announcing that after a conference with Governor Beckham he had determined to rigidly enforce the Kentucky statutes and city ordinances providing for Sunday closing.

Under the agreement reached by the Governor and Mayor as to the line of action to be pursued, the lid will be shut down tight, not only in Louisville, but in Jefferson county outside the city limits.

All saloons, theaters, road houses, beer gardens, amusement parks, etc., must close, the only pursuits tolerated being "household duties and works of necessity."

The operation of railroads, ferries, streetcar lines and drugstores are the only favored exceptions under the statutes.

The Greenwood will be up tonight for Pomeroy and the Keystone State for Pittsburgh.

All of the Monongahela River Consolidated Coal and Coke Company's boats are being scrubbed down and repainted, and many of them are going on the docks to have their hulls overhauled.

Packets are still able to get to Pittsburgh with large passenger lists and heavy cargoes. It is expected that the boats will be able to continue until the June rise, which each year has added several weeks to the shipping season in the summer.

The Ohio river is not only one of the world's greatest waterways, but is undoubtedly one of the most beautiful, presenting to those who travel upon its broad waters an ever changing panorama of charming scenery. In all its length of 1,050 miles, there is not a section of the Ohio that surpasses or even equals in scenic beauty that part along the state of Kentucky.
